BUILD

Blacks United in Leadership and Diversity is one of a few statewide business resource groups. Organized in 2019, BUILD exists to improve the experiences of current and future Black state employees, increase the representation of Black people in leadership positions, give voice to the Black perspective in policy discussions about Washington state communities and build each other up as we move forward.

Membership is open to all state employees interested in promoting the values of the Black community and the principles and actvities of BUILD. Individuals do not have to be a member of the Black community to join. Find out more via BUILD's website at www.buildwa.org
